FABRIZIO TESSARO

FULLSTACK WEB DEVELOPER

ABOUT ME

I stand out for my optimism, no matter what problem or difficulty I face, always I'll put a good face on and work to overcome it. I like to apply this in my professional environment as a web developer, always learning new technologies and ways to solve problems.

ACADEMIC EXPERIENCE

SCRUM.IO - SEPTEMBER 2021

Developer in final group project - Henry Bootcamp

It was about a web app for manage projects based in agile methodologies (SCRUM). Management and users sessions, projects creation with their tasks, stats tracking with charts, PokerPlanning room and Jitsi video meeting.

VIDEOGAMES APP - AUGUST 2021

Developer in final individual project - Henry Bootcamp

It was a gallery web app of video games who consume an external API and had an own database to get the video games data. Filtering, sorting and paging of the games, with a detailed view of their information and the creation of a new video game for the collection.
